# LEADERSHIP DEVELOPMENT

*Make the Link between Leading and Succeeding*

Empower People  
Improve Culture  
Raise Expectations  
Increase Accountability  
Enhance Communication  
Promote Delegation  
Exceed Possibilities

Elevate the leadership skills of your team by introducing them to dynamic strategies and techniques that will allow them to inspire, motivate, and influence their team members.

From the pages of his acclaimed book, *The LEADERSHIP Connection*, Erik shares the leadership strategies and techniques he learned while serving in the U. S. Marine Corps, and has applied as an executive business leader and entrepreneur.

## **What People are Saying...**

*Leadership can be learned if you are willing and open to the techniques that Erik Therwanger prescribes. From the concepts in his book, *The LEADERSHIP Connection*, I have obtained greater results in my organization that have been solely from the leadership development that Erik provided for me and my team. His leadership sessions significantly enhanced our culture, broke down barriers between departments, and helped us to accomplish our goals.*
