Scholarships for Military Spouses

Our Mission:

To enrich and enhance the lives of military and veteran spouses by supporting the accomplishment of their educational and career goals.

U.S. Marine Corps veteran and founder of Think GREAT, Erik Therwanger, actively works to empower military families by participating in family readiness programs, the Yellow Ribbon Reintegration, Program, Beyond the Yellow Ribbon, the Marine Corps League, and other veteran organizations.

Seeing firsthand the challenges faced by life in the military, and the sacrifices made by military spouses to take care of their families, Erik knew it was time to help these courageous patriots to get back on track with their education and career goals.

Making a Difference, One Scholarship at a Time!

Now, you can match their unwavering spirit and commitment by helping us to provide scholarships to the military spouses who have sacrificed so much from their own personal lives.
